RE: Piedmont Natural Gas Company, Inc.  
Notice of New Natural Gas Construction Project  
Docket No. 2012-278-G

Dear Ms. Boyd:

Piedmont Natural Gas Company, Inc. ("Piedmont" or "Company") is required to notify the Public Service Commission of South Carolina ("Commission") "of any construction projects resulting in a cost of \$500,000 or more." See 26 S.C. Code Ann. Reg. 103-412.2.7. In compliance with Commission regulation, this letter serves as notification to the Commission that Piedmont plans to replace the Blackstock Road regulator station. Replacement of the station will increase system reliability and increase capacity in order to meet future customer growth needs in the Spartanburg area. Piedmont will install a new station to include 8-inch station inlet piping (design pressure: 1000 psig), a single dual run monitor station, heater, meter run and 10-inch steel outlet piping (design pressure: 75 psig) as well as remove the existing station and equipment. Project F0231087 is in Spartanburg and Piedmont expects to complete construction on this project by August 31, 2021.

By copy of this letter, Piedmont is also notifying the ORS of this construction pursuant to S.C. Code Ann. Reg. 103-412.2.7(A).

Please do not hesitate to contact us with any questions.

Sincerely,

/s/ T. Richmond McPherson III
